We want the results of your bacteria test to be as accurate as possible. For this reason, we ask that you please keep the following in mind before coming to your next appointment:

1. Do not brush, floss, or use mouth rinses 1 hour before your appointment (Scope, Listerine, Peroxide)
2. Do not use prescription strength antimicrobial or antibiotic rinses such as Chlorhexidine or Stannous Fluoride 24 hours before your appointment
3. Do not have a dental procedure that will disrupt biofilm such as Scaling and Root Planing, Deep Cleanings, or Prophylaxis 2 weeks before your appointment
4. Let us know if you have taken a systemic antibiotic within the last 6 weeks before your appointment
5. Let us know if you have had local antibiotics within the last 4 weeks before your appointment

If you have any questions please give us a call:
